**The Black Cow is a fun place to work because who doesn't love ice cream? That being said, there are a few things to note before applying for this job. We have our slow days (especially in the rain or cold) but most of the time this is a very fast paced environment where you will be moving non-stop for your entire shift. Whether it is serving, cleaning or prepping there is always something to be done. We take pride in the ice cream we make and this should also reflect in our customer service. We prefer service with a smile!**

**SOME of the things this job will require you to do are:**

- **Interact with customers**
- **Take, remember AND scoop orders**
- **Prep and pre-package orders like quarts and cakes**
- **Answer the phone**
- **Clean (including but not limited to sweeping, mopping and picking up/taking out trash)**
- **Restock**

**This may sound like a lot of hard work... and it is! However, this job will provide you with hands on experience, valuable skills and the confidence you will need as you start to enter the working world.**

**I have read and I understand these requirements and will be able to commit to doing them to the best of my ability!**
